

Commission and/or Incentive Fee Acknowledgment and Authorization

I/we _____, the undersigned customer of Tradeview Financial Markets SAC ("Tradeview"), agree and acknowledge that the following compensation structure shall be applied to my trading account number _____. I/we acknowledge and agree that my authorized trading agent ("My Agent") shall be compensated for the trading services undertaken by My Agent for my trading account.

I/we authorize Tradeview to compensate My Agent with a portion of the commissions charged to my account (the "Commission"). In addition to compensating My Agent with a portion of the Commissions, I/we authorize Tradeview to compensate My Agent with an incentive fee based on the new net profits generated in my account (the "Incentive Fee"). The Incentive Fee shall be _____ per cent (_____%) of the new net profits generated in my account on a monthly basis. The Incentive Fee is a direct deduction from my account. I/we understand that if the account experiences a net loss for the month, there will be no Incentive Fee paid for that month, and the loss will be carried forward to the next month. I/we further understand that the loss must be made up before any new Incentive Fee will be paid.

For purposes of calculating the Incentive Fees during a period, trading profits shall mean the cumulative profits (over and above the aggregate of previous period profits as of the end of any period) during the period. Trading Profits shall include: (i) the net of profits and losses from all trades closed out during the period plus or minus the change in unrealized profit or loss on open trades as of the close of the Period. All open positions are calculated at their fair market value at the end of the month. If any payment is made to My Agent with respect to trading profits experienced by the account, and the account thereafter incurs a net loss for any subsequent period, My Agent will retain the amount previously paid with respect to such trading profits and losses shall be carried forward. Negative trading profits for a period (thus a trading loss), shall constitute a "Carry forward Loss" for the beginning of the next period. If I terminate My Agent's power of attorney at any time prior to the last trading day of the month, then any incentive fee due will be calculated as of the last day My Agent maintained discretionary authority.

I authorize My Agent to settle my account according to the above account asset calculation method and submit the account asset value and Incentive Fee calculation to Tradeview before the 5th of each month. Tradeview shall have no responsibility for calculating the Incentive Fee, reviewing or approving My Agent's calculation of the Incentive Fee nor any liability for paying the Incentive Fee.

ACKNOWLEDGED AND AGREED THIS _____ DAY OF _____, 20_____.
